

Dr COLIN MILLER

Council member from 2016 (co-opted)

I was born and educated in Glasgow and qualified as a doctor in 1976. My post graduate training is in anaesthetics and has mostly been in the central belt of Scotland. I spent a year in Hong Kong (we went as a family) doing cardio-thoracic anaesthesia and was appointed as a consultant anaesthetist at Stobhill Hospital in 1990. My special interests were Intensive Care, dental anaesthesia for people with learning difficulties and anaesthesia for major gynaecological cancer surgery. I was clinician in charge of the ICU at Stobhill for three years and also the President of the West of Scotland Society of Anaesthetists.

Currently I am working as a theatre anaesthetist three days a week spread out over five days. Happily married, two children and two grandchildren I am fortunate to live in Glasgow which offers so many opportunities for exercising the mind and body...and tastebuds. Regrets, few, but I wish I had taken up sailing in my teens rather than in my forties.
